

Mental health education for a new generation

We are currently developing multiple companion guides for *Senior Night*, tailored for educators, parents, and students. These guides will provide insights, discussion points, and resources to help facilitate meaningful conversations around the film's themes.

If you have any feedback or suggestions, we'd love to hear from you! Please feel free to reach out at [info@glowmedia.org](mailto:info@glowmedia.org). Your input helps us continue creating impactful content for youth mental health.

Thank you!
